

Chuck Pierce Nov 14 2018 First session Transcription

I have looked forward to this time – I hear all the reports coming back from Allen and James, and then Serena and other teams have come over to see us, and I just felt I need to go and see them.

It's time for the shift.

Time is an interesting dynamic. God is not in time, we are in time, therefore we have to respond to God from time. We have present time, future time, and eternal time, and so what God does is bring us to a place in time, the right place and the right time, and if **we are at the right place at the right time we can seek Him and grab hold of Him. We are in the moment.**

Let's look at what God is doing right now, and then I want to share what the Lord said to me about this city and this state. It really doesn't matter where you are from, we came to this city and this state. We are in a moment based on what God wants to do here. We have entered this new wine season, **new wine is flowing**. That's important because once you see the new wine flowing you realise that God is pressing things out of us that have been there for a while.

He showed a picture of the year ahead – the year ahead has a structure, a new structure what has been forming over the last 7 years, but what happens this year is that the new structure starts pouring out. What has been going on in you, how you've been praying, what you've been decreeing, all of a sudden an outpouring began.

One of our leaders said in the prayer meeting, it can't be contained, it's in us, so the Lord is pressing us so something in you will pour out this year. The word that the Lord gave us is a Hebrew covenant so we have to look at this from a Hebrew perspective. This is the season and the year combined. In Hebrew this is the **year 5779** and our calendar is 2019, so you are in 9 no matter what. When you look at it from Hebrew perspective you are in the year 70, letters and numbers have meanings... so 5779 has a very interesting meaning. It means to **'stomp'** Take your feet and stomp. That means a couple of things – **when you stomp you crush the grapes to make new wine**. Let's stomp for a moment and decree that you are beginning to make some new wine here in Sabah here in KK the new wine is being made, it's starting to pour out.

The Hebrew word for 5779 is on the screen, an incomplete circle, the word for 70 is on the outside of the illustration, **70 means we are breaking out of captivity, I sense this year there has been great breakthrough in Malaysia,**

I've been going to Malaysia for many years now, my first visit was in 1997. I sense this year there was a breakthrough. Let's thank God for the breakthrough.

9 has several meanings. If you look at the Hebrew 9 it looks like a womb, this is the year we give birth, it's a birthing year, but 9 also has another meaning, it's the same word that is used for a serpent – that's another reason we are stomping, we are decreeing that the serpent's head will not rule this year. Instead of stomping wine, put your foot on the serpent's head and decree his headship is not going to rule.

We keep hearing this word 'new' because a new day is breaking in the church. The church simply means how we gather together, and the way we gather together is changing and there is a new day breaking into the church, we are becoming a kingdom people. This is a kingdom meeting, it's not just about one church. You build the church, you unlock the kingdom, so what we are doing as the Lord said, we are learning to seek His kingdom first. We keep hearing about new but how will we think new? How will we keep moving in what God calls new.

The word new in the bible has 2 meanings: it means something that has never been before, or something that has been and is now coming into a better quality. That's part of the becoming new.

Kingdom has several dimensions to it.

- **Kingdom has a power**, biblically kingdom is linked with a governmental understanding, where all of a sudden the church isn't just gathering for fellowship, the church is gathering to govern. And when we gather together we make decrees and something happens the minute we make those decrees. Kingdom has a power, an important dynamic of force.
- **Kingdom has a government**,
- it has a **supernatural grace**, the bible calls it super abundant grace, where you are receiving riches beyond what you deserve.
- But kingdom has a people, **you are a kingdom people**,
- **kingdom has an administration**, it is not administered the same way the church is administered.
- **Kingdom has a culture**, you have to learn how to speak the language of the kingdom, you have to understand as we worship, the kingdom culture believes in dancing!
- But the **kingdom has a King**, and once you know the King and you see His example, the people of the kingdom know how to operate, and most importantly
- **Kingdom has a glory**. We wear kingdom glory.

Wearing what this year looks like, the new wine river pouring out and coming into the new wineskin. We need to wear the kingdom and what it looks like, (not just physically with new wine scarf) but you wear it spiritually. As we move forward into this kingdom understanding, the Lord began to speak to me regarding Sabah and He began to show me that this year something happens here.

In Sabah the black days are beginning to break, and there is a new flow of the Spirit of God. He said watch, He is going to start moving all along the coast lines, and it's going to create this new overcoming unity. When unity comes the bible says it's like an anointing that pours down the beard of Aaron. **The anointing in unity is for a reason.** When you study **Ps133 in Hebrew, it actually means God's people are coming together as one, and He's pouring oil on them, and the word means you will lie in wait and watch for your opportunity until you see the enemy approaching and instead of the enemy ambushing you, you will ambush the enemy.**

The Lord says there's a new anointing that's coming to the body of Christ here and they are getting ready to ambush the enemy. God also anoints us for harvest, and I saw a **harvest breakthrough**, so the rest of the day we want to prophesy into this. Prophecy means you are speaking the mind and the heart of God. And when we do that it goes into the atmosphere and creates a new atmosphere.

With this it also means it is **time to overturn old cycles.** When we start overturning old cycles the enemy's resistance must break. I believe **the last 7 years you've been standing against the enemy, but the Lord says this year the enemy's resistance breaks, and you start seeing the fruit of your decrees.**

What are we talking about when we say **a cycle? Our life has a cycle.** God sees the end from the beginning. He knew you before the foundation of the earth, and then He decided to set you in this time. You've been around a long time in the mind of God, God knew what time you needed to be in, He knew when you needed to be **conceived**, and then when you needed to be **born**, this year is about the birthing cycle. And then there comes a moment when you are accountable for what you think, how you believe, then there comes a moment when the Lord says you must be **born again**, in other words our natural birth cannot complete our destiny. We have to have a supernatural birth. The minute we do that in Ephesians 2 says that the Spirit of God comes into our dead spirit. If you are not sure of that truth you need to become sure of that. We have the life of the living God in us.

Then we start receiving **hope**, hope causes us to go into **faith cycles**, that's the place the enemy hates the most. The enemy will let you get saved out of hell, but he doesn't ever want you to exhibit faith because it's your faith that overcomes, that demonstrates the new cycle, faith comes the Lord says, so the enemy somehow has to knock your hope out of place. If he can knock your hope out of place, he knocks your expectation of the future out of place and you lose this expectation of what God is about to do.

The Lord is getting ready to move mightily in East Malaysia. Put your hand here (on your stomach) and decree that any old cycle of hopelessness is broken, any old cycle of hope deferred is breaking - that means you had hope but it was set to another place in time. Decree now that any cycle of life that was moving in you that the enemy hit. Decree that the enemy is pulling his hand back from your life. You see that's **breaking old cycles, old cycles of unbelief, old cycles of hopelessness, old cycles of sin, old cycles that have held you captive and stopped you moving in a dynamic of Christ, so with that, all of a sudden hope springs up and as hope springs up, there is a new day**, and new entry date that we must go through.

All through the word of God you see that was born a new gate people had to go through the new gate, finally they went into the Promised Land. It was Malachi that promised that this was going to be like a calf breaking out of the stall. It says that at this new gate the sons and daughters would turn back to each other, the fathers and the sons would reconcile, nations would align. Then in the book of Acts there came moments when the new gate was formed and they had to make a choice to go through it, if they didn't they would go backwards. That's what we want to do this morning. We are going to **form this new gate** and all of us are going to go through it.

You need to understand that the enemy doesn't want you to go through this gate, he prefers you stay just the way you are. He doesn't want you to do a new cd, to sing a new song because new songs break old cycles, he doesn't want you to be creative because you will be able to bring forth new supplies, so he tries to hold you back there.

Remember when you are going through a gate or a door, there's a **threshold** that means it's a place you have **to cross over**. That same word in Hebrew has one of the meanings for this year. At the threshold of the place where you enter in, and that word also means **pythos, serpent, the snake that squeezes you to death, crushes the life out of you, and causes you to be constricted so you can't get through**. Now you can see why this year is so important. We are at the threshold, but it's this pythos/python constricting force, a force of divination that wants to confuse us and cause us not to go through. We need to

stand up and say I'm coming through this door. Give a shout. Stomp on the head of python! Once you start stomping, pythos is going to back off and you are coming through to the new. If you won't give into these **testings** you will **end up being enlarged, you will have a new capacity. That's what happens when we make it through the gate, we're new, we are enlarged, and we're fulfilled in new ways.**

There are things you've been trusting the Lord for for the last 7 years, the Lord says this year, the new thing is this, and you are going to **see a fulfilment of those things**, shout fulfilment! That's why we keep saying this word new, and there's something else at the gate, **the glory** is waiting at the gate. So there is this incredible conflict going on – you've got this incredible glory that's calling you through the gate and you've got a battle at the gate that's trying to constrict you. So this year you are at this hard place. The enemy would love to constrict you but you are seeing the glory that is calling you - say out loud I'm choosing the glory.

So it becomes **a very spiritually active year**. We are going to have to keep our faith active, it's not a year when we can be passive, keep your faith active, keep moving forward, encourage each other, because we don't want to be constricted, it's **a year of expansion** and I decree right now that the kingdom of God movement through Malaysia will now expand. This is what the Lord spoke to me when I was flying in last night.

He said **KK is a miracle gate**. This year you are **forming a miracle gate in this place**. You are going to have to lay down how you think about miracles, and you are going to have to enter in as the Lord starts moving sovereignly and supernaturally.

- Because a miracle is where all of a sudden there is this phenomena happening that's opening up a new way.
- A miracle is where the eye of God starts revealing Himself to His people.
- A miracle proves God's existence. I have no idea why God said this about this city, but He said it is **a miracle gate for all of Malaysia, for all of Indonesia, China Singapore**, it's going to become a miracle gate so when we come here, the miracle anointing is going to come on us and it will become a miracle gate for Dallas, for wherever we come from. You can't enter in to a kingdom dimension without the signs of the miraculous. Some things are just going to blow up, get ready for the blow up in KK.

A gate is **a place of authority**,

- it's a resort place where business and bargaining go on,
- it's where public addresses are being made,

- its where a new government begins to run from. I don't know much about KK but I'm here to tell you that God is putting His eye over this city, and something is going to happen that all of Malaysia Indonesia, and Singapore will see, and that will stir up China, so get ready things are happening.

- A gate is a place you watch. We want to raise **a new watchman anointing**, and when God calls a place a gate a gate opens up the promises of God that have been held captive, and all the loss of time, loss of supplies, the postponement, the decay, all of those old cycles begin to break and restoration begins to occur. This is key for us to understand. I am prophesying to you redemptively.

God meant for this area to be a miracle gate, therefore He is going to start remaking the church, start remolding the kingdom plan, and as these kingdom counsels come together, then start trusting God for a new breakthrough.

God has an order for restoration and breakthrough. All order comes through His voice, the creator, when God says it, it happens. God has an order of first through the words, once we get into His order we begin to move forward.

He first hovered over the face of the earth, so we have to **feel how the Spirit is hovering**, then remember God planted a garden and put man in it, we have to **know our boundaries**, we have to know how the glory was meant to cover those boundaries. The glory came down and man lived in the glory. Decree right now you want the glory to cover E Malaysia. We have to know our covenant with each other.

We have to allow Judah to rise up and go first. **Judah is the tribe that knows how to use sound, that creates movement.** God gave Israel as the first nation, then He gave the word of God to Israel, so we have to **have a right relationship and understanding of His covenant plan for Israel.** Then we have to **understand the movement of the Ark of Covenant, tabernacle**, without understanding the moving of the tabernacle we don't know which way to go.

The difference between David and Saul was the Ark and God's glory. Saul was a handsome king, but he didn't have a heart for the glory of God. David had a heart for the glory of God. In this new movement you want to see who has a heart to see the glory of God.

Then God sent Messiah, God became flesh, that's why all other religions might have types, we have the only Messiah that raised from the dead. Our King overcame death, hell and the grave. Then He gave first gifts so that we could enforce His kingdom. **This is a year of Holy Spirit movement, 9 is linked**

with the hovering power of the Holy Spirit, just as the Holy Spirit hovered over Mary. Because this year Holy Spirit is hovering. We must return to know the Spirit.

Let me share with you how the Lord moved into the new- He's our role model and He had to go through a process. When it was 'time' He activated the new. The new began and then increased, and it didn't stop. There came a moment when Father said 'it's time', and you know what the Son did to get into the new. He went out to where John's movement was. John was baptising people in the Jordan river by the wilderness, and the Lord went out there and said John was paving the way for Him. He told John he had to baptise Him. John looked at Him and said *'I know who you are, you don't need this movement, this is about sinners, You are not a sinner'*. The Lord said something that was profound. He said *'Unless I get baptised into your movement, I can't fulfil what I am about to do the next 3 years'*.

This is what I want to say to you to get into the new you have to be sure you've done everything in the past you know you should do. If there's something you are resisting doing, if there is some place you are resisting going, you will have to go back and make a right order. Then the next thing that happened, when He was baptised the heavens opened, all of a sudden the new began. Tonight we are going to leave you with open heavens here, and we are going to decree that the new has begun.

Jesus was then Spirit led, this year is the year of Holy Spirit movement, just as when the Spirit hovered over the earth and its chaos, just as when the Spirit hovered over Mary, just as when the Spirit led the Lord into the wilderness, because it's by the Spirit you are becoming new, and you are going to have to break and renounce everything you have done to resist the Spirit of God. The Lord went into this wilderness place for 40 days. Remember that the people of Israel after coming out of Egypt went into a wilderness place for 40 years, and every time Israel got messed up again they went into another wilderness place, even for 70 years.

In the book of Malachi they waited 400 years. The Lord was led by the Spirit into this testing place so that He could withstand everything that would test us. And it shows us that we don't need to be held captive forever.

The Lord made it through the wilderness place in 40 days. You had 40 years and 70 years you had 400 years. The Lord showed us we **can make it through a testing place within 40 days**. Tell someone I'm choosing the 40 day plan! So I believe **the leaders here need to call the body into a 40 day plan to release the promises**. The leaders are getting on the same page, and the

remnant is getting on the same page and all of a sudden we are coming out, into a new identity. Remember when the Lord came out of the wilderness, He went back to Nazareth, and they said to Him, we know who you are, you are the carpenter, you are Mary's son, but they didn't recognise that He was new, He was Messiah. This is what happens when we don't recognise the new, it created an atmosphere in Nazareth that even God Himself couldn't even break through. He could do a few healings but no miracles.

KK is called to be a miracle gate. That means you must press through, 40 days of intercession for this city, 40 days of meetings, ending up with a great time of worship, and then all of a sudden a new identity is moving through Kingdom people. You are wearing your new identity.

You have to watch who is following the new move. Only 2 of John's disciples followed, Philip and Andrew were the only 2 that followed, not everyone is following after what God is doing. Don't get down because not everyone is following what God is doing. Then you have to see what people are saying about this new move of God.

Remember the Lord took the people out to Caesarea Philippi (Matt 16) and He said, what are people saying about Me? The Lord was interested in what people were saying about Him. And then He said and what are you saying about Me? The disciples said a lot of people think you are Elijah or Jeremiah or one of the prophets come back, then He looked at Peter and said who do you say I am? Peter said, *'You're the Messiah, the one we've been waiting for'* and the Lord said only the Father could have revealed that.

Why am I saying this? You have to talk about the movement, you have to talk about how you are seeing what God is doing, and that's where the Lord said, *'upon this rock I will build my church and the gates of hell will not be able to overtake you'* Then, He said this, I will give you the keys to the kingdom. Grab hold of those keys... *'Father we say we're here, in this city, in this State, in this nation and we are receiving keys to the Kingdom, keys that will unlock what You long to do'*. Notice something happened with Peter. The Lord prophesied to Him and said now that you know who I am, I am going to Jerusalem and do what I was sent to do. Peter tried to stop the new movement, and the Lord looked at him and said, Get behind me Satan...

When you study that verse you find something. **It was Peter's emotions that influenced his thinking.** That's what stops the new! When our emotions influence the way we think, and you are not willing to see things coming into the fullness of God's plan. So you have to know that this season is about the new, this season is about going forward, remember all through from that time,

He was pressing through until the new came. **New is linked with new relationships, new authority, and then there came a time where the Lord laid down Himself for the movement to expand.** Now this is key as we move forward here. It is time for an expansion of what God is doing throughout all of Eastern Malaysia. The Lord is ready for this to happen.

The bible says when Jesus went to the cross, if Satan had understood the cross he would never have let him go see 1 Cor 2. That defeated the enemy. Two things happened – Eph 4 says He descended first then He ascended. In other words the Lord and that resurrection power went down into the earth realm, and brought resurrection to the earth realm. That means the Lord has already descended for E Malaysia. Think about the power there. When He descended, the power of glory descended into earth, it caused over 500 dead people to rise from the dead. **There is resurrection power working in E Malaysia. You just have to unlock it.** And then He ascended and gave gifts to mankind. He gave all these incredible gifts (ministries and Holy Spirit gifts) so that we would enforce His kingdom on earth.

I am here for a reason, **I am here to say that a new wind of the Spirit is now beginning to blow on the gifts of God that are in Eastern Malaysia, that are in KK, and it's causing this city to become a miracle gate. The alignment causes an awakening of our spirits and we are equipped to move forward. It causes us to have what is necessary to unlock the regions of this land, to unlock the harvest of this land is a better way of looking at it.**

He said first apostles, He is the corner stone, then prophets, teachers, pastors, evangelists, all of a sudden they are not a hierarchy; they are a foundation. In our prayer time earlier today, many of the leaders saw shaking. To come into a new powerful foundation, the old foundation has to be shaken. God is realigning His foundation in this part of the world. He is calling you together as prophets, priests, kings, and then the remnant comes alive in a new way. That which was held back, all of a sudden we will see the fulfilment of what God is doing. That's why God sends people like us and the Lord says you have got what it takes, you just need to come alive in who you are. And if you will come alive in who you are, this foundation will start moving through this entire region. It will cause a shaking to occur, it will cause things to happen, and I am here to say you have just begun. And the **reason we must come into this new, is because we have entered a new harvest season, a new season of increase, new ways of thinking. That means we are going to go out and start gathering in ways we have never gathered. Gathering supplies, gathering that which needs to come into the store house, gathering for the future.**

John 20:19 the disciples didn't understand fully what had happened to Him, they had followed Him hard for 3 years, it looked like everything had ended, but it was actually the new beginning. All your endings are new beginnings. When someone dies that's a new beginning, when one vision ends, God's grace will blow on the next. He sees the end from the beginning. **I am here to announce you are starting the next phase of movement in East Malaysia, yes there will be many things that come to an end, but get ready, for new things are going to begin.** Remember what happened here. The disciples were afraid and were in the upper room behind locked doors. They didn't know how to get into the new, sometimes we don't know how to make the shift into the new. They knew they didn't want to go backwards, they had come too far to go back into their old way of life, but they didn't know where they were going. They had watched their leader go through a brutal execution.

But you know what happened to them, they forgot the prophecies, **never forget the prophecies.** They forgot that He said He would be raised in 3 days, they forgot what He said would happen, they forgot that He said they would give them the keys to the kingdom. See, a lot of times when we are going through that hard place, we forget the prophecies the Lord gives us. You have to always **review your prophecies**, and so they are held up because they don't know how to go forward. The bible says they were held up by fear v 19. They were troubled.

One of the women had already seen Him in His new place. If you are looking for the new, you will find the new. Remember Mary went out to look, and the gardener showed up, but when the gardener spoke her name she knew it was the Lord. Remember what I said earlier, it's the voice that creates. She went and told all the disciples, she said 'He's alive', but they didn't believe it, because they were captured in a cycle of fear, fear of the future, fear to change, fear of not knowing which road to take, they didn't believe what Mary told them.

It's in this passage. He came in through the locked doors, and He said 'Peace be with you, all of a sudden their fear and the cycle of fear didn't stop them. He said 'Peace be with you. The Father has sent me and I'm about to send you forth.' Impartation.

All of a sudden He moved past their old cycles, because His mission for the future was greater than the old cycles they were captured in. He imparted to them, He said the Father has sent me, therefore I'm sending you, and He blew on them and in a moment they shifted from those being taught, disciples, to being those being sent into the future.

He saw all their old cycles, he saw their fear He saw their concerns, but it didn't stop Him saying 'you're what I'm going to work with for the future, therefore

I'm going to impart to you and you are going to go forth, and just as I have done you are going to do, and KK will become a miracle gate for all of Malaysia, all of Indonesia, all of Singapore.

The Lord says this is a day of impartation. Lord we thank you that you are hovering here today, you are saying I'm going past your old ways of thinking, I'm going past your fears, I'm going past how you've been taught and I'm commissioning you into the future. I'm saying what you have been doing over the last season, how you've been following me over the last season, I'm now sending a new breath of My Spirit. A new anointing on you and you are going to move forward and break open the promises of God that have been held up in this region. Lord I send them forth!

Decree these new strategies. The Lord says **I'm going to start first in the churches, there will be a visitation in the churches, you will see key leaders getting filled with My Spirit, there will be a refilling of the vessels, and then I will start raising up new vessels, you will be brought on key councils in this city, and you will say, God is going to do a miracle in this city. God is going to make this city a miracle city.** Lord I decree right now a new wind of Holy Spirit is beginning to blow and the new has come to East Malaysia, to Sabah, and to this city. This will be the beginning of the next move of the Spirit of God

Worship and decree that He is coming through the door to blow on us and send us out in a new way
