

Chuck Pierce Nov 14 Evening session (2)

Allen Faubion has paved the way for me being here. Come on Allen and exhort the people

Allen:

Six years I came here for the Malaysian Jubilee. I didn't know anything about Sabah, Borneo, KK, I had to look you up on the map! But when someone told me over the phone it was going to happen I said I've got to go and see it. I ran into see Chuck and I said 'Chuck I need to go to Borneo,' and he goes, 'you're going to go!'. So you see it didn't take a committee to decide etc, it took someone who was listening to the Lord, who said yes you're going!

Tonight you are receiving that new wine, but it can be lost very easily unless it has the new wineskin to hold it. That is what the Lord is doing here. Some of you have done some things today and tonight you have never done before, that shouldn't be the last time you do it, but the first time you did it. The old is good to bring you up to where the new begins, but when you enter into the new you have to leave the old behind.

This is an important year for Malaysia. Malaysia is struggling over a new wineskin, and you know what happens, if you go back to an old wineskin, it eventually bursts and all the wine that was hoped for and prepared for is lost. Now as new wine and new wineskin people here tonight God is assigning you a task – to watch over some portion of this land over this next year. He's giving you the opportunity to hear Him say what He wants cut off and what He wants brought in. He's been waiting for you to step into this place and now that you have stepped into it, you will begin to see it.

I tell you I was brought to prophesy over Lahad Datu and Tawau - there's something getting ready to happen in that far eastern border, and it's going to happen even before it happens here, and then it will come here and here it will explode. Malaysia is becoming something that no one ever imagined it could, so this is a time for you to step into that place.

Let me give you a new way to pray. Most of the time we pray like this (eyes closed tightly), like we are afraid God is going to hit us with something, let me encourage you as you are watching, watchers keep their eyes open, keep your eyes open, raise your heads up, look at what your God is going to do. This is the time for it. New wineskin must come in, if it doesn't come in during this time then things go a different direction. So although it's a time to clap and cheer it is also a time to be vigilant and watchful. God has raised you up for

this time, not just for you, not just for Asia, but for other parts of the earth. Little Sabah, little Malaysia God has raised you up in this hour to do mighty and wonderful things, because He is a mighty and wonderful God..

CP

The indigenous people stand up! (Applause). Why is it important to recognise them? When you recognise the **first people** that God put in a land, **that people have certain things coded in them from God, things that you understand about the land that no one else does.** We decree that the fire of God is coming through the indigenous people, and the fire of God will flow throughout the whole land. I just flew here from Washington DC where all tribes came together to worship, so our indigenous people from Canada and the US came together and we worshipped by the Washington Monument. It was an awesome awesome time.

Now let me go over again what I feel the Lord is saying to you here. Why could I tell Allen so quickly 'you're supposed to go'? My call that the Lord gave me in 1972. He spoke to me and said I have called you for the healing of the nations. So one of the things I've always done is study the nations and how they can be healed. In 1992 I wrote an article about Borneo and Brunei, so when Allen said it was Jubilee time, I knew that we were supposed to go. One thing an apostolic centre does is send people. We just sent James and his wife to Mongolia because there's an anointing at certain places that God wants to announce. That's what the Antioch church was like. The Antioch church had a certain anointing about it, and that anointing needs to be sent to other places. Well God raises up places like that who know they can send people to help heal the nations.

We decree that Malaysia will be healed. We decree that the Malay people and the Chinese people in Malaysia will be healed. One of the things we were talking about on the way over here, I remembered in history about the Australians in this part of the world, and we decree that there is great healing in this land, and even though blood is shed, God has a moment for healing. Let's decree that within the next year a great healing movement comes to East Malaysia. Now that is part of the new wine.

Allen said something that was very interesting, and something that I was teaching today. In Matt 9 John the Baptist, sends some of His disciples, along with the Pharisees to question Yeshua over why He is doing things the way He is doing things. You see once you don't keep moving forward, you go back and align with the last structure John the Baptist's disciples who didn't go with Yeshua went back and aligned with the Pharisees . Matt 9:14 says the disciples

of John came with the Pharisees. And they asked Yeshua why His disciple didn't have to fast. The Lord said, (paraphrase) 'well there's nothing wrong with that, but we're not doing that in this season, that's not the method we are using for breakthrough, see, a new wineskin doesn't do all the things the last one did. The way the new wineskin breaks forth is different from the last wineskin, and that's why the Lord said you can't put a piece of cloth on an old cloth cos it will begin to tear, and you can't put new wine in an old wineskin, and He said it like this (it doesn't mean He doesn't love the old wineskin) but if you put new wine in an old wineskin, eventually you will lose both the old and the new. So we have to learn how to keep moving forward but honour those who have gone before us.

Now that's what this year is about, this is about **new wine flowing**, and if we don't have the **right structure for the new wine** to flow into, we will have a big mess on our hands. That's why we have to have kingdom meetings like this, because you build the church, every season the church becomes a structure. But we are unlocking the kingdom, so when we come to a meeting like this, we are unlocking, therefore we can get revelation, and pastors can go back and build their churches new and fresh for this season. And make their church a better quality, they can adjust to what God is doing today, because when you look at 9, this is a year of Holy Spirit movement.

Now invite the Holy Spirit to move all across your nation. East Malaysia, Indonesia, Singapore, China, Lord we decree the Spirit of God is going to move. Now I want us to do something – **when the new begins to manifest we see lots of changes.**

Let's stand up we are going to decree these. What happens is we have a new identity, what has been locked up in you, God is going to unlock. And this is what is so hard, we love when the glory of God is manifesting, but the bible says we go from glory to glory. We decree **a new glory in this city**. Then we go into the next level of restoration. **A new wineskin forms every 7 years**, but what happens during those 7 years is that lots of things God planned to do get lost, lots of confusion comes in, we lose things.

Decree right now **a new level of restoration** is coming right now – 8 x shouting RESTORE! That's what I heard when that shofar blew 8 times. God was announcing restoration.

Then something else happens, **a new prophetic anointing begins to stir up in us**. Put your hand here (stomach) decree that the prophetic anointing is stirring right now, when God's spirit stirs up the prophetic anointing so that strongholds that have never fallen before, we prophesy to those strongholds and they begin to crumble. **The strongholds are coming down!**

Just now I gave some of the leaders a silver medallion from Israel and it has the harvest printed on it. At every season we must think harvest, look around the room I want you to prophesy into this room, and decree **we will have a meeting here in E Malaysia that has 7000 people. There's a new endeavouring of harvest this year, and we can't accomplish what God wants this season without a new release of wealth, a new level of provision. There are new resources coming!**

Finally when we are talking about the new, this is the way I look at the church, God has to have **a new storehouse to bring a new harvest in.** So decree now that the church is becoming a new storehouse. I want you to prophesy (Jaman) that there is a great awakening coming to the church in Malaysia.

Jaman prophecies in BM – translation – there is a coming tsunami until Mount Kinabalu will be covered, not a tsunami from the sea but from God, and you will see that there will be a restoration among the natives of this land, and this will go to the natives of Sarawak and West Malaysia, and the Chinese and Indians God has called you to be here and together we will bring in the great harvest. And those of you who are working among the natives you will help them to experience a wave of revival among their people they have never experienced before.

CP

Everyone say a new storehouse! East Malaysia was meant for revival, East Malaysia was meant for awakening, **Borneo was meant to lead in awakening,** and we say **even the Sultan of Brunei will experience a move of the Spirit.** Let's thank God for what He is going to do.

The Lord showed me this circle months ago, He said my people are breaking through into a heavenly realm. I felt like our worship broke through into a heavenly realm.

I think what James did earlier, broke us through in a new place, but what the Lord said to me was we have to pull down from heaven, **we can't just breakthrough, we have to pull down.**

Now remember Elijah set the course of the heavens. He prophesied there would be 3.5 years no rain and at the end of that 3.5 years the time frame of the earth realm had come into fullness, so it wasn't just good enough to prophesy, Elijah had to go into intercession and he had to pull the rain out of heaven. God is bringing us into a place, His Spirit is bringing us into a place, so we know what He is saying, and we pull it into a reality that has to happen. **We have to align**

heaven and earth and the moment heaven and earth aligns, momentum begins to happen, once we bring a promise that we have prayed from heaven into the earth, all of a sudden we created our future.

Allen said something earlier, he said this year is very important for Malaysia because it has a new wineskin but it is struggling to find its identity. What you have to understand it that all the prayers in the past seasons, the more this remnant pulls the reality of that into the earth the stronger you will become. You will start reflecting who God has for you to be in this season, you will start possessing your inheritance. Everyone say, **'we must possess our inheritance'**. The word inheritance means, your portion.

Not only do you have a portion personally, but you **have a portion corporately**, and then you have **a portion territorially in the earth**, and **how you establish that portion causes a new generation to come forward**. The Lord showed me that there is a war over the next generation here in East Malaysia. Therefore we must possess our inheritance. Satan doesn't want us to seize our inheritance so he breaks down the walls, (see powerpoint) he finds a way in, and we have to remember he has no legal right to do this. The Lord has already defeated him on the cross. But if God's leaders do not enforce that victory, if we don't prophesy it, if we don't watch over that inheritance, and press in.

Now I know this. I grew up with lots of blessings, but then the enemy broke through the wall and our family suffered greatly, and when God visited me in 1972 He said 'I can restore what you've lost.' I can stand in front of you after 46 years and say God has restored what the enemy tried to take. If He did that for me He can do that for you. That's why I can believe for nations.

Now remember this morning I said we all have **a new gate we have to go through**. We danced and ran and jumped through that gate. That was symbolic because we must go through a new gate, we are in a transition from last season's possession into a new portion, so we must go through this new gate. Also the Lord said the reason we are meeting here is because **KK is a miracle gate**.

I want you to stand up and decree this is becoming a miracle gate I want to show you **certain aspects of this miracle gate**. This afternoon when I went back to my room I began to seek the Lord over this gate. He took me to various places in the word, and He began to show me things that were going on at this gate. What He said was I'm ready to **recover the power of signs and wonders at this gate called KK, this will spread all over East Malaysia, Borneo, Brunei, West Malaysia, Indonesia and Singapore and into China**. God is

recovering the power of signs and wonders here. It goes all the way back to the Chinese people, it will go into Australia, because Australia has some history here. **This transformation of this gate will be a key to unlocking Japan in days to come.** The Lord says I have positioned you for a time such as this.

The first place He took me to as where **Elisha did his first miracle.** He had followed Elijah for 7 years, it took 7 years for a new wineskin to form, then all of a sudden he received Elijah's mantle, he didn't just receive one portion, he received the double portion anointing. And the first thing he does is he starts going back to where the school of prophets existed, he goes back to **Jericho.** Now Jericho is a beautiful city, KK is a beautiful city. I have no idea what this means to you, but **there was warfare over the water of Jericho, the Lord says there is warfare over the water of Sabah, there is warfare over the water of KK,** so remember what Elisha did, he gathered the prophets and the intercessors of the city and instructed them to put salt into the water source. When he did that the waters were healed.

Jericho had a curse on it, God had cursed Jericho, Jericho was the invincible blockage going into the Promised Land, and once it was destroyed the Lord said He never wanted it to be built again, because in the ground of Jericho there were some idolatrous structures that would rise up again. But God has a time plan, when He shifts the identity. When Jericho had been rebuilt and it was a beautiful city, and this is many many years later, where there was a curse, the curse was still affecting the water structure of the whole region. So the Lord says re form covenant, that's what the salt represented. The very place that had a curse on it that God had allowed to be there, all of a sudden it became the first place of Elisha's first miracle, and God lifted a curse off Jericho and the word of God says the water source is healed to this day.

I am here to announce that in KK this will be known as a miracle gate, but **God is going to break a curse that has been affecting the water for years and years.** You will read about how the water source has been purified, you will read about and follow how the water issues have come into a new alignment – it's part of this 20 foot tsunami that God is bringing in. So **part of the miracle of KK is going to be its water, the water is going to be anointed, when people drink the water it's going to start producing healing in them, there's going to be a shift in the water supply.** Let's thank God that KK is becoming a miracle gate.

Another thing the Lord took me to was Bethlehem, Bethlehem was the house of bread, that's what the word means. But remember Bethlehem had gone in drought, it had the curse of the atmosphere being dried up. But the word of God says that when Naomi and Ruth began to make their way back to Bethlehem,

when they got to **the gate of Bethlehem**, the whole city got excited, the whole city began to change. You know the story. **That city produced the lineage for Messiah.**

When you go to the gates of KK you need to **decree that the Spirit and the wind of God are beginning to blow, and that there will be an excitement throughout the whole city, that the Spirit of God will sovereignly begin to awaken people throughout this city, that the wind of the Spirit will begin the sound, that the shofars will begin to blast in this city, and the shofars will become the loudest sounds of the city. We decree a new excitement is going to move through the city of KK because the Spirit of God is going to start moving from gate to gate of this city.**

Let me show you another thing, **Mark 3**. You see when you start becoming a miracle gate you are having to display a power and anointing that can't be explained. You have to go beyond anything the city has currently seen. But remember it's not just about KK, it's about Borneo, it's about all of Indonesia, Brunei, West Malaysia, Singapore, Australia, it's not just about you but it's about the miraculous anointing that rests over this city. When I came into the city, I don't have the same demonic forces influencing me that you have influencing you here. It's like when David went out, when they were battling the Philistines and Goliath had convinced them they were going to lose. David couldn't listen to what Goliath was saying. We get used to being under an atmosphere, and the Lord is saying I planned this city as a miracle city, I planned this city to do supernatural things, and what you have to do is see the city differently, and you have to be willing to enter in to what the Lord is doing. Here in Mark 3 something happens. Let's stand up one more time. **Jesus goes back to the city and visits the synagogue. You should have a list of every church in this city, no matter what they are worshipping, no matter who they are worshipping, you should have a list and you should be praying that Yeshua and His Spirit is going to enter that place, and turn them upside down, do things that will confuse them, do things to awaken them, quit rejecting them, and send the Spirit of God into there with them.**

So Yeshua goes into this synagogue, they are very religious, it's on the Sabbath, there's a man sitting there with his arm withered. The Lord looks at this man at the gate, He says 2 words to him. 'Step forward'. God is saying 2 words to His Spirit filled believing remnant in KK tonight. He is saying '**step forward!**', step past the religious structures, and then He sees how upset everyone is getting, and He understands they are getting upset, but that doesn't stop Him calling them forward past the religious structure. Jesus asks them a question, 'Is it not lawful to heal on the Sabbath when this man has this withered arm? Why would you want him to keep the withered arm?' So all of a sudden in the midst

of going past this religious structure, this man who has stepped forward, the Lord says since you took that step of faith, now stretch out your arm. All of a sudden the Lord calls that arm into its proper form.

There are many things in KK and in this part of E Malaysia that need to be called into proper form. And the Lord says come past, step forward, go beyond where you have ever been, get out of the pew, get out of the seat, step forward, stretch out your arm and the new will begin. Give a shout and thank God.

James Vincent

Let me tell you how much this is the time for KK. I expressed a little bit to Chuck about what we had talked about earlier, but I did not go into detail. I didn't tell him that I preached quite a bit from Mark 3. God is speaking to KK, to Malaysia, **IT'S TIME! He sings it's time, it's time...**

CP

God is saying this. I'm going to ask James to come and sing it's time for you to step forward, it's time for you to stretch out, it's time for the new form. Right now there's a healing anointing in this room, if you have something that doesn't operate, an arm or a knee, stretch it out. Decree right now that wherever you live you are getting ready to go beyond. The Lord says what has tried to be withered by religion, the Lord says now we are coming past that. **And the Lord says when you come past it, you will change an entire nation.**

I have a special new oil I'm going to anoint the hand of these leaders. James is going to sing this, and as I anoint the hands of these leaders, when you come by, they are going to touch you, they are going to decree that this is your time of moving through the gate, moving in the miraculous, breaking through and going beyond. God has said this is a miracle gate, get ready miracles are going to start happening.

James Vincent sings...
